STAFF RECRUITED ON CONTRACTS

In addition to permanent officials, the European Commission offers **non-permanent** positions. There are two categories of non-permanent staff:

- **[temporary agents](#)** are recruited to fill vacant positions for a set amount of time or to perform highly specialised tasks.
- **[contract agents](#)** may provide additional capacity in specialised fields where an insufficient number of officials is available or carry out a number of administrative or manual tasks. They are generally recruited for fixed-term contracts (maximum 6 years in any EU Institution), but in some cases they can be offered contracts for an indefinite duration (in offices, agencies, delegations or representations).

Statistical assistant

in DG ESTAT of the European Commission

Job title: Statistical Assistant – Agricultural statistics: Animal production statistics, price statistics and economic accounts for agriculture

Domain: Economics, Finance and Statistics

Where: Unit ESTAT. E.1 – Agriculture and Fisheries statistics /Luxembourg

Function Group: FG III

Contract Type: 3b

Express your interest until: 9.6.2025 – 12.00 (noon, Brussels time)

WE ARE

Unit ESTAT.E1 "Agriculture and fisheries" is responsible for providing high-quality official statistical information on Europe's agricultural production, on the structure of agricultural holdings, on European agricultural accounts and prices, on agri-environmental issues and on fisheries. The work comprises collection, processing, dissemination and analysis of data and metadata as well as conceptual and methodological developments. The data which ESTAT.E1 is providing are used to design, implement, monitor and evaluate the Common agricultural and fisheries policies, other related policies (ex: environmental policy, climate change, circular economy, food and health) and European Green Deal. In addition to the production of statistics in monthly, quarterly, annual and multi-annual intervals, ESTAT.E1 is also currently responsible for two legislative projects: "Streamlining and simplification of fishery statistics" and "Making Integrated Farm Statistics fit for 2030's". The unit cooperates closely with DG AGRI, DG CLIMA, DG ENV, DG FISMA, DG GROW, DG MARE, DG SANTE, DG ECFIN, JRC, the EEA, the OECD and the FAO.

WE PROPOSE

Unit ESTAT.E.1 is seeking to hire one contract agent FG III (Job title: Statistical Assistant).

The future colleague will integrate in a team responsible for animal production statistics, agricultural price statistics and economic accounts for agriculture composed of 9 members and a team leader. The team's responsibilities are closely related to important EU policies in the field of agriculture, such as the Common Agricultural Policy, the Green Deal, and also to the implementation of new legal basis for agricultural statistics (Regulation (EU) 2022/2379).

The new colleague will work on:

- The processing, analysis and dissemination of data and metadata. This includes activities like using the Eurostat internal production system to analyse, process and publish data, contribute to news items and statistics explained articles, guide data providers with transmitting their data and manage validation rules to be applied in the production process
- The modernisation of the statistical production processes. This includes activities as

communicating, designing and describing updates to the IT business requirements and testing new functionalities in the IT systems, and automating some processes.

- The methodological development of the domain. This includes activities like contributing to and participating in expert group meetings, drafting methodological handbooks, presentations, drafting reports and preparing guidance notes.
- The participation in meetings with Member States, policy makers (DG AGRI, DG SANTE, DG ENV, JRC, OECD and FAO) and/or with other data users.

We offer a friendly and dynamic atmosphere, inside a team of dedicated passionate colleagues which deal with data of high interest for the current European agricultural policies.

WE LOOK FOR

We look for a new colleague who:

- has a university degree in statistics, mathematics, agriculture, environmental sciences or other related fields.
- has strong data analysis skills, interest and experience in statistical work, and a keen eye for details;
- is comfortable in using and/or easily adapting to use modern IT tools, especially data processing and data analytical software (e.g. SAS);
- knowledge of a programming language (ex.: R, SAS, Python) will be considered an advantage;
- is interested in working on agricultural statistics;
- has a growth mindset, is dynamic and is able to take ownership in their daily activities;
- has good analytical and organisational skills, as well as good drafting skills;
- has the ability to work both autonomously and as part of a team, and to perform under time constraints.

Good knowledge (C1) of English is a must. Previous knowledge or experience in statistics and or agriculture would be an asset but it is not a requirement.
