Financial Officer – Portfolio Manager

in DG BUDG of the European Commission

Job title: Financial Officer

Domain: Economics, Finance and Statistics

Where: Unit BUDG.F.4 – “Investment”, Luxembourg

Function Group: FG IV

Contract Type: 3b

Express your interest until: 08/07/2025 - 12.00 (noon, Brussels time)

WE ARE

Operating from Luxembourg, the unit ‘Investment’ manages about €30 billion of financial assets across several portfolios—foremost the Common Provisioning Fund, which underpins the Union’s guarantees related to various internal and external policies. The unit belongs to the Directorate-General for Budget (DG BUDG) and in particular to Directorate F “Financial Market Operations and Budgetary Guarantees”, which – besides asset management – manages EU borrowing and lending operations and budgetary guarantees.

The unit designs the tactical asset allocation and implements the investment activity on a day-to-day basis. The eligible investment universe consists mainly of high-quality fixed-income instruments (such as sovereign and corporate bonds); there is also an equity allocation implemented through index-tracking Exchange Traded Funds (ETFs). Execution is routed through an extensive network of market counterparties and monitored in Bloomberg, all within a rigorous governance and risk-management framework integrating front-, middle- and back-office functions.

WE PROPOSE

- A stimulating portfolio manager role in the *front-office* of the Commission’s asset-management activity, embedded in a friendly, supportive and dynamic team environment.
- Varied responsibilities that span portfolio management, market and investment analysis, the design of investment strategies, and the drafting of policy-relevant notes and reports.
- A working culture that balances genuine autonomy and scope for initiative with close collaboration across the Unit and wider Directorate, ensuring shared ownership of results.
- Clear objectives, robust governance and the resources necessary—systems, data and expert colleagues—to deliver high-quality outcomes for the Union budget.
- An opportunity to develop professionally at the heart of EU financial operations, contributing directly to the prudent stewardship of Union assets and the achievement of EU policy goals.

WE LOOK FOR

- A proactive team player with professional exposure to asset management or related financial-market roles, ideally bringing experience in portfolio management, investment analysis and/or in the use of financial market tools/databases such as Bloomberg.
- Strong analytical skills and sound judgement, able to transform complex information into clear, actionable proposals and to decide under uncertainty while communicating effectively with both specialists and non-specialists.
- Academic background in finance, economics, statistics or econometrics; professional credentials such as CFA (or equivalent) are welcome.
- Technical aptitude—programming skills and familiarity with portfolio-optimisation or other quantitative-finance techniques are considered valuable assets.
- A collaborative and solutions-oriented mindset.
