- To provide the Commission with reasonable assurance that expenditure declared by the Member States has been effected in accordance with applicable governance systems for area and animal related Common Agricultural Policy (CAP) interventions, covered by the Integrated Administration and Control System (IACS) including the control system for conditionality, and, where this is not the case, to exclude the expenditure concerned from EU financing so as to protect the EU's financial interest.
- To contribute to improving these governance systems by contributing to modifications of EU legislation and guidelines and by addressing recommendations to Member States.
- To ensure the annual performance clearance in order to provide the Commission with reasonable assurance that the CAP 2023–2027 expenditure reported by Member States has corresponding outputs which are correctly reported in the annual performance reports and, where this is not the case, to prepare reduction decisions.
