STAFF RECRUITED ON CONTRACTS

In addition to permanent officials, the European Commission offers non-permanent positions. There are two categories of non-permanent staff:

- <u>temporary agents</u> are recruited to fill vacant positions for a set amount of time or to perform highly specialised tasks.
- <u>contract agents</u> may provide additional capacity in specialised fields where an insufficient number of officials is available or carry out a number of administrative or manual tasks. They are generally recruited for fixed-term contracts (maximum 6 years in any EU Institution), but in some cases they can be offered contracts for an indefinite duration (in offices, agencies, delegations or representations).

Policy Analyst - Borrowing and Lending Operations

in DG BUDG of the European Commission

Job title: Policy Analyst - Borrowing and Lending Operations

Domain: Economics, Finance and Statistics

Where: Unit F1 - "Borrowing and Lending Operations - Front Office ", Luxembourg

Function Group: FG IV Contract Type: 3b

Express your interest until: 25/07/2025 - 12.00 (non, Luxembourg time).

WE ARE

The position offers candidates with an interest in financial markets – and more specifically public debt management – the possibility to become part of the Commission's financial operations in Luxembourg.

Over the last 4 years, the Commission has built up a professional debt management capacity resembling the operational capacities housed in national debt management authorities. This operational framework is deployed for mobilising the financing for a number of high-profile EU financial assistance programmes, notably NextGenerationEU and the most recent support programme for the Ukraine. In the coming months, operations for the financing of the new Security Action For Europe (SAFE) programme, providing loans to support Member States defence capabilities, will also be implemented.

These operations are now organised under a unified funding approach, including the related internal governance and risk management structures. The Commission funding approach foresees the organization of funding operations through a common pool, complemented with a dedicated liquidity and payment management. The funds are mobilised through different funding channels (syndicated transactions, auctions) using the entire maturity spectrum (short-term and long-term funding). Conventional bonds are complemented by issuance of Green Bonds for which the Commission has established a dedicated Green Bond Framework.

The successful candidate will join the Directorate, which undertakes market operations on behalf of the Union budget ("Financial Market Operations and Budgetary Guarantees"). This Directorate, the bulk of whose activities are in Luxembourg, forms part of DG BUDG.

WE PROPOSE

The Commission is seeking additional support (contract agent post). This will involve supporting in the timely management of disbursements under the new programme while helping to build synergies with processes under existing programmes.

In addition, the successful candidate will help to reinforce capacities for data management and data analysis in relation to debt management operations. Data management is a critical function of the Commission's borrowing and lending operations team, feeding into internal analysis as well as in communications with loan beneficiaries, the market and other relevant stakeholders, including rating agencies, investors, investment banks and other EU institutions.

The jobholder will have to establish and maintain close contact with DG BUDG colleagues involved in borrowing and lending operations, including in the back and middle office teams. The job holder will also need to familiarise him/herself with data management systems related to borrowing and lending operations.

The successful candidate will enjoy important responsibilities in his/her respective field of competence. S/he will enjoy considerable autonomy and room for initiative in the achievement of agreed objectives while being fully integrated and working within the organizational/management structure of the Directorate.

WE LOOK FOR

The successful candidate should have a strong team spirit, a sense of initiative with an interest in problem solving and analysis and good communications skills. In addition, quantitative and IT skills (Excel, SQL, etc.) will be essential. Previous experience in the management of financial operations in a private or public entity would be helpful but is not a pre-requisite.

The jobholder will join a dynamic and diverse team comprising of Commission officials, contract agents and Seconded National Experts and will have the opportunity to enjoy considerable autonomy and room for initiative in the achievement of the agreed objectives.
