<sup>1</sup> Please note that the list of underrepresented Member States may be subject to future amendment based on potential data changes over time.

## **Policy Officer** **in DG HERA of the European Commission**

**Job title:** Policy Officer - Strategic Manufacturing of medical countermeasures

**Domain:** Health

**Where:** Unit HERA.3, Medical Counter-Measures, Brussels

**Function Group:** FG IV

**Contract Type:** 3b

**Express your interest until:** 20.10.2025 - 12.00 (noon, Brussels time)

### **WE ARE**

---

The European Health Emergency Preparedness and Response Authority (HERA) is the Directorate General of the European Commission responsible for preparedness and response to serious cross-border threats in the area of medical countermeasures (MCM), in particular by:

- strengthening health security coordination within the Union involving all relevant actors during preparedness and crisis response times and bringing together the EU Member States, industry and relevant stakeholders in a common effort;
- addressing vulnerabilities and strategic dependencies within the Union related to the development, production, procurement, stockpiling and distribution of medical countermeasures;
- contributing to reinforcing the global health emergency response architecture.

Under DG HERA's mandate the following tasks are exercised in close cooperation with the Member States::

- assessment of health threats and intelligence gathering relevant to medical countermeasures;
- promoting advanced research and development of medical countermeasures and related technologies;
- addressing market challenges and boosting the Union's open strategic autonomy in medical countermeasures production;
- swift procurement and distribution of medical countermeasures;
- increasing stockpiling capacity of medical countermeasures;
- strengthening knowledge and skills in preparedness and response related to medical countermeasures.

HERA currently has 4 units. HERA.01 “Policy and Coordination” is in charge of HERA’s policy priorities, legal, regulatory and quality aspects. HERA.02 "Intelligence gathering, Analysis and Innovation" is in charge of assessing threats and innovative approaches to threats. HERA.03 “Medical Counter Measures” is in charge of management of medical counter measures. HERA.04 “Emergency Office” is in charge of the management of health crises.

HERA 03 is responsible in particular for monitoring supply chains of medical countermeasures (including pharmaceuticals and personal protective equipment), assessing vulnerabilities and developing industrial policy actions to strengthen these supply chains, address their vulnerabilities and ensure rapid manufacturing.

Under the Commission’s recent Medical Countermeasures Strategy, HERA.03 will also implement new capacity reservation contracts of various medical countermeasures beyond vaccines.

HERA.03 is also responsible for organising joint procurement procedures under the Joint Procurement Agreement. The Commission, together with Member States and other interested countries (all together currently 38) participating in the Agreement purchase together medical countermeasures for the purposes of preparedness against serious cross-border health threats.

## **WE PROPOSE**

---

HERA 03 is seeking to hire a manufacturing/ supply chain expert. The candidate would:

- Conduct analyses of supply chains of selected medical counter measures, assess vulnerabilities and identify policy solutions to address them,
- Provide expertise and support for industrial policy actions, including support to innovative manufacturing and measures to ensure surge manufacturing capacity for vaccines, medicines, medical devices or personal protective measures
- Provide expertise and support when carrying out Joint Procurement procedures (e.g. preparing market and scientific analysis, evaluating offers),
- Contribute to the overall improvement of key policy tools aiming to address vulnerabilities of the supply chains of medical countermeasures,
- Contribute to horizontal requests related to Unit’s activities: briefings, parliamentary questions, press enquiries, exchanging with key stakeholders, notably in the context of the MCM Joint Industrial Cooperation Forum.

These assignments require frequent contacts with the representatives of the pharmaceutical and medical devices /personal protective equipment industry (e.g. marketing authorisation holders and manufacturers) and the representatives of Member States and other countries participating in the Joint Procurement Agreement (in particular Ministries of Health and health purchase authorities). There are also frequent contacts with other Directorate-Generals of the European Commission (in particular SANTE, ECHO, BUDG, LS), commercial and other professional organisations involved in the development of medical countermeasures including pharmaceutical industry, as well as regional and EU-level organisations.

The job is highly visible and essential to the cross-border health crisis response and preparedness.

## **WE LOOK FOR**

---

The job requires relevant academic background, a high level of technical knowledge on the manufacturing of medical countermeasures and proven, relevant experience of at least 5 years working in the supply chain of pharmaceuticals (e.g. manufacturing, sales, compliance) or personal protective equipment, or in regulatory compliance and evaluation of pharmaceuticals or personal protective equipment.

We are looking for a team player with a very strong capacity to communicate orally and in writing in a comprehensible and structured way in English is essential for this post.
