

## **MAKE A DIFFERENCE - JOIN THE EUROPEAN COMMISSION**

Do you want to help shape the future of the European Union? Make the planet greener, promote a fairer society, or support businesses and innovation across the EU? Then come and work for the European Commission where you can really make a difference!

Commission staff are a diverse group of people, who are motivated to help make Europe – and the world – a better place. They come from the 27 Member States of the European Union. Different nationalities, backgrounds, languages and cultures make the Commission a vibrant and inclusive place to work.

### **WE OFFER GREAT JOBS AND GREAT WORKING CONDITIONS:**

- Interesting and challenging positions with plenty of opportunities for training and acquiring new skills and competencies throughout your whole career
- Opportunities to move between different policy areas throughout your career
- A package of flexible working conditions including the possibility of teleworking – we care about your work-life balance
- A competitive financial package, including comprehensive healthcare, accident and pension schemes
- A multilingual, multicultural workplace where personal and career development are strongly promoted
- Multilingual schools for your children

### **We recruit from a wide range of backgrounds and actively promote diversity and inclusion:**

We do not only recruit political scientists and lawyers but are also looking for all kinds of profiles, including scientists, linguists, IT experts, data analysts and economists, as well as drivers and engineers.

We are committed to equal opportunities and to fostering a rich, diverse and inclusive working environment. We aim for our workforce to be representative of European society and strongly welcome applications from all qualified candidates. We actively seek to create a workplace where each staff member feels valued and respected, can give their best and can develop to their full potential.

To promote diversity and establish a geographically balanced pool of candidates, we strongly encourage applicants from Member States which are currently underrepresented in the European Commission workforce to apply. These Member States are currently Austria, Cyprus, the Czech Republic, Denmark, the Netherlands, Estonia, Finland, Germany, Ireland, Luxembourg, Malta, Poland, Portugal, Slovakia and Sweden<sup>1</sup>. Recruitment will however remain strictly based on the merits of all applicants and no positions will be reserved for nationals of any specific Member State.

## STAFF RECRUITED ON CONTRACTS

In addition to permanent officials, the European Commission offers non-permanent positions. There are two categories of non-permanent staff:

- **temporary agents** are recruited to fill vacant positions for a set amount of time or to perform highly specialised tasks.
- **contract agents** may provide additional capacity in specialised fields where an insufficient number of officials is available or carry out a number of administrative or manual tasks. They are generally recruited for fixed-term contracts (maximum 6 years in any EU Institution), but in some cases they can be offered contracts for an indefinite duration (in offices, agencies, delegations or representations).

**Function Group:** FG IV

**Contract Type:** 3b

**Express your interest until:** 08/04/2026 - 12.00 (noon, Brussels time)

### WE ARE

---

The 'Prosperity' Directorate of DG Research & Innovation aims to create wellbeing and jobs across Europe within the means of our planet. That requires new policy action for value creation from research and innovation and the acceleration of the green and digital transformation of industry, strengthening its resilience, competitiveness and its base in Europe.

Within the 'Prosperity' Directorate, Unit 'AI in Science and Critical Technologies' is at the forefront of harnessing artificial intelligence to accelerate its use in science, drive innovation and address pressing societal challenges. Our mission is to unlock the vast potential of AI for accelerating scientific discovery, thus increasing productivity and promoting Europe's position as a global leader in R&I.

A key pillar of our work is the implementation of the European Strategy on AI in Science, with a focus on setting up the Resource for AI Science in Europe (RAISE). RAISE will serve as a virtual institute for excellent AI-driven scientific research, providing access to cutting-edge infrastructure, expertise, and resources for European researchers. Furthermore, our unit coordinates the R&I contribution to the overall EU digital strategy, ensuring a cohesive and effective approach to digitalization.

The unit also contributes to the implementation of the European Economic Security Strategy, leading the risk assessment of biotechnologies, further contributes to the development of research activities in the area of semiconductors, as a critical technology for the EU, and coordinates files on other critical technologies such as quantum within the Directorate-General.

### WE PROPOSE

---

Unit E.4 of DG RTD is seeking to hire a Policy Officer. The position will consist of :

- Supporting the analytic and strategic work of the Unit and the Directorate by contributing to the implementation of the European Strategy for Artificial Intelligence (AI) in Science, in coordination with other relevant stakeholders and DGs;
- Providing foresight for the strategic policy work of the Unit and Directorate and contribute to the design and implementation of policy-related activities, focused on scientific, technological,

- societal and economic aspects, including for critical technologies;
- Developing synergies with stakeholders and relevant DGs;
  - Coordinating activities in the digital field within the DG;
  - Preparing policy documents, briefings, and concept notes.

## **WE LOOK FOR**

---

We are looking for a committed and results-driven candidate with experience in the formulation and implementation of policy initiatives to integrate our dynamic and enthusiast team. Ideally, the candidate will have:

- Strong academic background, ideally with experience in scientific research in critical technologies;
- A good appreciation of the Union's research and digital policies;
- Strong analytical and drafting skills;
- Capacity to analyse, synthesise and structure data and information;
- Have excellent oral and written communication skills in order to communicate efficiently and fluently with internal and external stakeholders at all levels;
- Be a team player;
- Have excellent drafting skills in English and an understanding of French.

## **HOW TO EXPRESS YOUR INTEREST?**
