

MAKE A DIFFERENCE - JOIN THE EUROPEAN COMMISSION

Do you want to help shape the future of the European Union? Make the planet greener, promote a fairer society, or support businesses and innovation across the EU? Then come and work for the European Commission where you can really make a difference!

Commission staff are a diverse group of people, who are motivated to help make Europe – and the world – a better place. They come from the 27 Member States of the European Union. Different nationalities, backgrounds, languages and cultures make the Commission a vibrant and inclusive place to work.

WE OFFER GREAT JOBS AND GREAT WORKING CONDITIONS:

- Interesting and challenging positions with plenty of opportunities for training and acquiring new skills and competencies throughout your whole career
- Opportunities to move between different policy areas throughout your career
- A package of flexible working conditions including the possibility of teleworking – we care about your work-life balance
- A competitive financial package, including comprehensive healthcare, accident and pension schemes
- A multilingual, multicultural workplace where personal and career development are strongly promoted
- Multilingual schools for your children

We recruit from a wide range of backgrounds and actively promote diversity and inclusion:

We do not only recruit political scientists and lawyers but are also looking for all kinds of profiles, including scientists, linguists, IT experts, data analysts and economists, as well as drivers and engineers.

We are committed to equal opportunities and to fostering a rich, diverse and inclusive working environment. We aim for our workforce to be representative of European society and strongly welcome applications from all qualified candidates. We actively seek to create a workplace where each staff member feels valued and respected, can give their best and can develop to their full potential.

To promote diversity and establish a geographically balanced pool of candidates, we strongly encourage applicants from Member States which are currently underrepresented in the European Commission workforce to apply. These Member States are currently Austria, the Czech Republic, Denmark, the Netherlands, Estonia, Finland, Germany, Ireland, Latvia, Luxembourg, Malta, Poland, Slovakia and Sweden¹. Recruitment will however remain strictly based on the merits of all applicants and no positions will be reserved for nationals of any specific Member State.

STAFF RECRUITED ON CONTRACTS

In addition to permanent officials, the European Commission offers non-permanent positions. There are two categories of non-permanent staff:

- **temporary agents** are recruited to fill vacant positions for a set amount of time or to perform highly specialised tasks.
- **contract agents** may provide additional capacity in specialised fields where an insufficient number of officials is available or carry out a number of administrative or manual tasks. They are generally recruited for fixed-term contracts (maximum 6 years in any EU Institution), but in some cases they can be offered contracts for an indefinite duration (in offices, agencies, delegations or representations).

¹ Please note that the list of underrepresented Member States may be subject to future amendment based on potential data changes over time.

Policy Officer

in DG CLIMA of the European Commission

Job title*: Policy Officer

Domain:** European Policy

Where: Unit CLIMA.C.3 – „Land Economy and Carbon Removals“, Brussels

Function Group: FG IV

Contract Type: 3b

Express your interest until: **25.08.2026** - 12.00 (noon, Brussels time)

WE ARE

The Directorate-General for Climate Action (DG CLIMA) leads the Commission's efforts to fight climate change and turn the EU into a climate-neutral and resilient society. It develops and implements policies and legislation to help the EU reach its 2030 climate targets and net-zero greenhouse gas emissions by 2050 in a way that enables clean growth for the EU economy, is an integral part of its industrial strategy, and ensures a social and fair transition for all. Unit CLIMA.C.3 (Land Economy and Carbon Removals) is a highly motivated team of 20 professionals made up of economists, lawyers, and scientists, developing and implementing policies for a climate-neutral land economy, which produces food and biomass from sustainable agriculture and forestry, and for industrial processes that remove carbon from the atmosphere. The unit is:

- Responsible for the implementation of the revised Regulation for Land Use, Forestry, and Agriculture (LULUCF Regulation) and the development of post-2030 climate targets for carbon removals and carbon farming
- Responsible for the implementation of the Carbon Removals and Carbon Farming (CRCF) Regulation
- Developing policies to reward land managers for their climate actions on agricultural land and in forest ("carbon farming")
- Developing the EU policy on carbon removals in industry, including bio-based carbon capture and storage (Bio-CCS), Direct Air Carbon Capture and Storage (DACCS), biochar, as well as use of biomass in long-lived products

WE PROPOSE

We propose a challenging position for an administrator to develop and implement, together with a dynamic team, policies for agriculture, forestry, and carbon removals in a climate-neutral economy. The post offers a stimulating, fast-moving work environment and an opportunity to contribute to the implementation, shaping and advancement of innovative climate policies.

Among the tasks of the new colleague will be the following:

- Contribute to the implementation of the CRCF Regulation, including the management of the Carbon Removal Expert Group, the development of an EU market for carbon farming and

carbon removals, the recognition of certification schemes, the development of the certification methodologies, the establishment of the CRCF registry

- Engage with other Commission services on relevant policy files, such as DG AGRI (Common Agricultural Policy), DG COMP (state aid), and DG ENV (nature credits)

The tasks will involve regular collaboration with other Commission services, the EEA, Member State counterparts and the Carbon Removal Expert Group, through frequent meetings, workshops, and other stakeholder engagement activities.

The work takes place at the crossroads of technical elements, stakeholder engagement and project management, covering the whole of the EU geography and related to policies of high importance to European citizens in a rapidly evolving policy and innovation context. The responsibilities of the contract agent will also include writing briefings for senior managers and launching and managing studies and contracts related to the various funding instruments available to DG CLIMA.

WE LOOK FOR

We are looking for an economist, a political scientist, a lawyer, a scientist, an engineer, or a person with a similar degree. The ideal profile for the job is:

- Strong experience in applied areas of environmental, economic, legal, social, or natural sciences, related to carbon markets, land use, agriculture, forestry, or bio-economy
- A background in developing policies that will help the transition to climate neutrality
- A structured, systematic and thorough approach to work, in particular as regards stakeholder management (organisation of large meetings and information management)
- Strong sense of collaboration with team members
- Curiosity, flexibility, ability to prioritise and work to deadlines, and desire to continuously learn
- Excellent oral and written communication skills in English, including the capacity to explain complex issues in a non-technical and comprehensible way
- A strong sense of initiative and very good inter-personal and networking skills
